**Communication skills**

I have good communication skills acquired during my journalistic experience both for public bodies, private companies, and editorial entities. I have gained these skills, both in Italian and English, also through my project activities.

**Organisational / managerial skills**

I coordinated small work units up to three-year periods focused on topics such as Higher Education, Communication and Organization of Events or Research Projects. I coordinated international research and innovation consortia as manager. In the field of scientific events, I managed the coordination of complex work groups (internal staff, external suppliers, contracted personnel, speakers, and participants) for international events of up to 600 participants.

**Job-related skills**

For more than twenty years I have been working on international projects related to the theme of local development, with particular attention to rural and mountain areas and population engagement, through participatory methods, education, training and capacity building.

I was member of the Landscape Observatory of the Autonomous Province of Trento, as a representative of the Fondazione Edmund Mach, from 2011 to 2016.

I was part of the Interdepartmental Project "Fragility in the Alpine Mountain Environment" (FAMA) of

the University of Trento, as an expert representing Fondazione Edmund Mach (2018-2021).

I have always dealt with emerging issues, such as Climate Change, being part of the first operational nucleus of the Climate Observatory of the Autonomous Province of Trento and then holding coordination roles in various initiatives funded by the EIT Climate-KIC starting from 2017, also acting as Master of Contact of FEM since then.

Since 2016 I have represented the Autonomous Province of Trento in Working Group no. 7 “Green Infrastructure and Ecological Connectivity” of the European Macro-Strategy for the Alpine Regions (EUSALP)

Since 2018 I am member of the "Communication and Education Commission" of the International Union for the Conservation of Nature (CEC-IUCN).

From September 2021 I am affiliated to the GREEN University Center - *Groupe de Recherche en Education à l'Environnement et à la Nature* of the University at the University of Valle d'Aosta - Université de la Vallée d'Aoste - Italy

From 2021 I acted as evaluator on behalf of the Research Evaluation Agency (ANVUR) of the Ministry of Education, University and Scientific Research for the Evaluation of Research Quality (VQR) for the period 2015-2019 for the products of the classes listed below:

- SECS-P06, APPLIED ECONOMICS
- AGR/01 ECONOMY AND RURAL APPRAISAL
- M-GGR/01 GEOGRAPHY
- M-GGR/02 ECONOMIC-POLITICAL GEOGRAPHY
- SPS/10 SOCIOLOGY OF THE ENVIRONMENT AND THE TERRITORY

From February 2023, and for a period of 3 years, I am member of the Scientific Committee of the CRAMARS Cooperative based in Tolmezzo (Udine) – Italy, for developing training activities, projects and dissemination of the INNOVALP Manifesto (Innovation in the Alps) to support local development initiatives led by young people in the mountain and marginal territories of Italy.

Since 2017 is acting as scientific advisor, mentor, tutor and evaluator of the MONTAGNA4.0 FUTUREALPS program, coordinated by Società Economica Valtellinese (SE) and Catholic University of Milan CRANEC, which yearly involved High School students in developing extra-curricula skills in entrepreneurship, sustainable tourism and inter-generational dialogue with key stakeholders of their home mountain communities.

Digital skills

- good command of office suite tools (word processor, spreadsheet, presentation software)
- basic knowledge in GIS
- good command of main social networks

Driving Licence

### Strategical Activities

Member of the Working Group n. 6 "Mountain culture and science" within the "Stati Generali della Montagna" instituted by the Italian Government within the XVIII Legislature between October 2018 and October 2019

Member of the working group (teacher and mentor) for the "Youth for Trentino Climate" projects coordinated by the Autonomous Province of Trento, Provincial Agency for the Protection of the Environment - 2021, 2022 and 2023

Coordination of support activities to the Autonomous Province of Trento, Provincial Agency for the Protection of the Environment for the drafting of the Provincial Strategy for Mitigation and Adaptation to Climate Change (link <https://www.appa.provincia.tn.it/Argomenti/Ambiente/Clima>) - November 2022 – May 2024

### Sport & Volunteering experience

Active sportsmen since Mid-1980s I have practiced **athletics** (cross-country in particular) and **cycling** at top national level. I was member of the Italian National Team of cyclocross between age 16 to 21 years old and I competed in several International Competitions. From Late-1990s then I have practiced sport as a Master athlete. In that period, I gained the experience on organizing sport events as a volunteer. From local competition to international Championships, I have played several roles until becoming General Secretary of events like the European Mountain Running Championships (EMRC) organized in 2003 in Trento (awarded as one of the best organized events from European Athletics Associations – EAA), many editions of the Italian Mountain Running Championships and stages of the European Cup of Cross Country by FIS (International Federation of Skiing). Beside the opportunity to design and realise high-quality competitions for renamed top-athletes, I was in role to coordinate relationships with professional (TV, Media, Catering, ...) and large groups of volunteers from some dozens up to 200 as for the EMRC.

Since 2020 I am affiliated to FISO (Italian **Orienteering** Federation) and I compete in Foot-O and MTB-O. I am an active member of the Panda Orienteering Team Valsugana ASD, which yearly organize Italian Championships, stages of Italian Tournament Cup (Coppa Italia) and promotional events.

Since January 2024 is an elected member of the Managing Board of the Organizing Committee of the Junior World Orienteering Championships (JWOC) to be held in 2025 in Trentino, Italy. Within the OC I have the role to prepare strategical communication materials, define the financial plans, coordinate the sponsorship campaign and develop opportunities of collaboration with local communities and stakeholders, with a particular focus to young generations.
