SKILLS

- Molecular biologis, experienced on herbaceous and woody plants.

AREA OF INTEREST

- Genomics, transcriptomics and gene function, with particular focus on biotic and abiotic stress.

Languages
Italian: NATIVE
English: GOOD

PAOLO BALDI

PROFESSIONAL SUMMARY

WORK HISTORY

May 2001 – Current
Researcher *Fondazione Edmund Mach*, S. Michele all’Adige (TN)
• Molecular biology studies on woody (apple and cypress) and herbaceous (strawberry) plants.

January 1996 – April 2001
Research fellow *CREA*, Fiorenzuola d’Arda (PC)
• Cloning of cold-regulated genes in barley and expression study.

EDUCATION

1999
Postgraduate Specialization in Genetics
Università degli Studi di Milano

1993
Master’s Degree in Biology
Università degli Studi di Pavia
